Did a Woodland Staff Member recommend this program to you? If so, whom?

For Woodland Horse Center Use Only

Contact Date: _____

Training Date: _____

Notes: _____

Adult Grooming Program

Release Form

Woodland Horse Center

Name of Student: _____ Age: _____

Emergency Contact: _____

Emergency Phone: _____

It is important to understand that working around a barn can be dangerous. Horses can be unpredictable at times and even the most gentle of horses can do harm.

Safety and understanding of the horse is taught to all students, but sometimes problems can occur. Woodland Horse Center, its owners, employees or helping staff cannot be held liable for any accident that occurs to the above named Adult Groomer.

The Adult Grooming Program is designed to help adults learn about horses, be in direct contact with horses in other than a riding lesson but most of all to teach responsibility when caring for a horse.

All Adult Groomers must be enrolled in a weekly lesson to stay enrolled in the Adult Grooming Program.
